

# Super Smash Festivals

## Secondary Schools

Dear School Cricket Leaders

Northern Districts Cricket is now calling for expressions of interest to take part in a fun and inclusive cricket experience for Secondary schools.

### Super Smash Festivals

The Super Smash Festivals feature a day of fast-paced 8-aside, softball cricket games. These games will be played between teams from schools within each WSSSA cluster group.

This event is open to all students, regardless of prior cricket experiences. Games are played with a soft ball, meaning no protective gear is required, so schools can just show up on the day!
